The credit to this account and debit to account 410.1

(§ 367.4101), or 410.2 (§ 367.4102) must, in general, represent the effect on taxes payable in the current year of the smaller amount of book income recognized for tax purposes as compared to the amount recognized in the service company's current accounts with respect to the item or class of items for which deferred tax accounting by the service company was authorized by the Commission.

(c) The service company is restricted in its use of this account to the purpose provided in paragraphs (a) and (b) of this section. The service company must not make use of the balance in this account or any related portion except as provided in the text of this account, without prior approval of the Commission.
